

EVoline® U-Dock

UL listed and tested to meet UL 962A with 1 – 8 socket outlets.
Electrical codes vary by location. Please check with your electrician
to verify that this unit meets your local code before installing.

EVoline[®] U-Dock

EVoline U-Dock can be mounted to any work surface in various ways.

As a robust base for a professional power and data supply, the freely configurable aluminium profile can be equipped with various power and data modules as well as safety devices for protection of personnel and machinery. Interchangeable modules for data and multimedia ensure unlimited flexibility for future requirements at the work-space.
